3.) Do you support human rights laws which include 'sexual orientation and gender identity or expression'?

a. SUPPORT b. SUPPORT c. SUPPORT I am 100% pro-life, from conception.

7.) Do you support development/taxation of the recently found Marcellus shale natural gas deposits?

I support the development of the Marcellus shale natural gas resources. I am opposed to the creation of new taxes on the use of this natural resource and I oppose increasing taxes.

8.) For years property tax relief has been sought by many Pennsylvania landowners. How can this become a reality?

Eliminate property tax with my proposal which would be a revenue neutral dollar for dollar replacement of the property tax with sales tax and income tax revenue. The proposal would include voter referendum for voter approval of future tax increases to provide taxpayer protection.

9.) Do you support House Bill 1660, the Family and Business Health Security Act, and Senate Bill 400 that would create a statewide, comprehensive health care system?

NO

10.) Do you support requiring a photo ID to vote in all elections?

YES,

I have sponsored legislation to require photo ID in all elections.

On a scale of one to ten (one being very conservative and 10 being very liberal) how would you describe your political philosophy?

ONE

If elected, how would you describe your role in Pennsylvania government?

As Pennsylvania's next Lt. Governor, I will redefine the office by holding the Governor accountable. I will work throughout the four-year term to assist the Governor in advancing policies that cut the excessive spending, reduce taxes and protect the liberties of Pennsylvanians. If the Governor, like so many politicians, breaks his word and raises taxes, supports more government programs that redistribute the hard-earned dollars of taxpayers or signs laws that infringe on our rights, then I will publicly expose his actions and be ready to challenge him in the next primary election.
