We did not receive responses from Dr. Brooks. These answers were ascertained from information on her website.

*Congressman Doyle was contacted twice, but did not respond to our voter guide questions. These answers were ascertained by looking at his voting record. Congressman Doyle voted for every bill to continue funding Planned Parenthood and the Bipartisan Budget Act of 2015 (the Boehner Obama Budget Deal) which allowed for a \$430 billion hike in spending in 2016 - called by the Heritage Foundation as the "worst budget deal since George HW Bush violated his no new tax pledge." The Congressman voted for S1177 -the Every Student Succeeds Act which codified more than six new federal education initiatives.

Lenny McAllister Responses:

- 1.) It is an Amendment listed in the Bill of Rights. Self-protection is vital to the "pursuit of happiness" listed in the Declaration of Independence.
- 2.) The EPA is over-regulating many Americans out of work and many landowners from their rights as taxpayers.
- 3.) The Constitution does not have an inherent right to marry encumbered in its text. Secular equality for Americans did not necessitate the re-definition of marriage as understood for centuries throughout our Judeo-Christian background.
- 4.) I support the civil rights of all Americans, regardless of race, religion, background, or orientation. Discrimination is wrong. However, just as I would not create laws to force Lutherans or Jews to accept the practices and beliefs of Catholicism as status quo and mandated dogma for our society, any law that does the same in regards to alternative lifestyles towards those living within traditional societal roles would be one that I would stand against.
- 5.) . . . there should be avenues through which we address this, especially as we focus on the scourge of sex trafficking and child abuse that continues to plague our communities.
- 6.) The roughly \$600 million that goes to Planned Parenthood . . . should be reallocated to other health organizations as well as programs that facilitate health in the communities that Planned Parenthood targets the most: areas in need of more education funding, more job development, and more community building.
- 7.) The "abortion-on-demand" industry that was created by *Roe v. Wade* must be cut off in a moral and just society.
- 8.) I believe that the formula of "smaller government . . . is the key to turning around our nation.
- 9.) The premiums are spiking, the insurers are starting to bail, and the system will not be sustained at this rate
- 10.) Education works best with the parents, teachers and students that interact regularly . . . That works best at the local level.
