1.) Yes I support the Second Amendment. I am a member of the NRA, a hunter and a Conceal Carry permit holder. In addition to the right to self protection the possession of firearms insures the resistance to a tyranical government if that should ever become necessary.

2.) I support the completion of the Keystone Pipeline as part of the effort to make America more self reliant for its energy needs. In addition I support the use of fossil fuels as well as nuclear power and the development of other domestic sources of oil to ensure our energy independence.
