

5th Responses from Kerith Strano Taylor

- 1.) We need more restrictive gun control laws to protect public safety. I believe in my 2nd Amendment right to bear arms, but I also believe that you should lose that privilege to own if you threaten to hurt someone else.
- 2.) I believe current regulations are necessary.
- 3.) I strongly support the Obergefell Supreme Court decision; governments should never simply define marriage as only between one man and one woman.
- 4.) Yes, I would strongly support this bill. We need to extend the same civil rights to lesbians, gays, bisexuals and transgenders.
- 6.) I strongly support federal funds for abortion providers.
- 7.) No, I do not believe life begins at conception. I believe in a women's right to control her body. Presently, my County is struggling under an an overwhelming caseload of children in need of foster care and foster families. We don't have enough volunteers to hold the babies that are detoxing from opioids. I wish that all of the people that spend so much time and effort trying to ban abortion would volunteer their time and love for the children that are already here that desperately need it. If we truly want to eliminate abortion, we should be ensuring access to affordable birth control services to those that need it, not fighting to overturn the ACA. That decision should be made between a woman, her Doctor and her God.
