

Dr. Marc Duome Responses

PA08 Congressional Candidate

Thank you for the opportunity to respond to your survey:

1.) Do you support the right of citizens to own firearms?

Yes. I am a supporter of the 2A and believe the Constitution is "not a suggestion".

2.) Do you support the actions of the EPA in trying to stop climate change?

No. The government has already shown poor decision making and reckless spending to promote a green agenda. In addition, I don't believe that climate change is a man-made phenomenon.

3.) Do you believe the US Supreme Court ruling in Obergefell v. Hodges was constitutionally sound? Do you view it as the law of the land?

No. Unfortunately, the ruling made it the law of the land.

4.) The Equality Act has been introduced in both the House and Senate. This bill would extend the same rights to gays, lesbians, bisexuals and transgenders as afforded to other protected groups under the 1964 Civil Rights Act. Would you support this legislation?

No.

5.) Do you support increased federal prosecution of obscenity?

Yes, particularly as it pertains to the protection of children.

6.) Do you support federal funding of organizations which provide abortions?

No.

7.) Do you support overturning Roe v Wade?

Yes.

8.) Do you support efforts to cut federal spending?

Yes. The deficit has already reached \$19T, and Congress has demonstrated an inability or lack of interest in offering common sense reductions in spending.

9.) Do you support efforts to repeal and replace Obamacare?

Yes. As a healthcare provider, I see firsthand the need to replace this debacle that has negatively impacted the patient-doctor relationship and contributed to economic catastrophe for many middle class families.

10.) Has the federal government overreached its role in education?

Yes. The Dept. of Education and all of its over-regulation and control in the classroom needs to be removed; and all efforts should be made to return control of education to the states.

Thank you.
