John Kluck Responses:

- 1.) While I personally do not believe in the taking of any life, I also do not feel . . . the gov't should engage in regulating what a woman may or may not do to her own body.
- 2.) No. The health of the mother is of utmost importance in cases where a woman makes the difficult choice to terminate a life.
- 3.) I support equal rights for all citizens of the Commonwealth. No resident of the Commonwealth of PA should feel that s/he is being discriminated against in any way.
- 8.) I do not support banning fracking but rather exploring the impact it is making on the quality of life of our residents before further fracking occurs in the Commonwealth.
- 10.) I would like to see schools have the opportunity to address the issue using common sense methods that protect the rights of all students when such situations arise.

Michael Bagdes-Canning Responses:

- 1.) I would not support such a bill, primarily because the US Supreme Court has affirmed a woman's right to choose and I do not believe that the state should be meddling
- 2.) Once again, the Supreme Court has already ruled on this (Whole Woman's Health v. Hellerstedt) and determined that bills such as this place an unnecessary burden.
- 5.) I would. (I would not support voting remotely . . .) I think we need to make voting easier and more accommodating for busy working people and people with disabilities.
- 8.) I do. . . . the PA Constitution guarantees each of us and future generations a right to "clean air, pure water." The industry has not demonstrated that it can frack safely.
- 10.) Yes. This is, yet another, example of people trying to use the state to solve a nonexistent problem.

You will be given an opportunity to vote on an amendment to the PA Constitution raising a judge's mandatory retirement age from 70 to 75. Here's how the ballot question is worded:

"Shall the Pennsylvania Constitution be amended to require that justices of the Supreme Court, judges and magisterial district judges be retired on the last day of the calendar year in which they attain the age of 75 years?"
