

Petition Opposing H.B. 1510 and SB 974 “Pennsylvania’s Bathroom Bill”

1. **We** oppose this bill which would add ‘sexual orientation and gender identity or expression’ to the Pennsylvania Human Relations Act which deals with employment, housing and public accommodations. (NOTE: *American Journal of Sociology* reports "insignificant" hiring discrimination against 'gays' in PA)
2. Director of homosexual group Equality PA says these bills are all about "basic stuff. . . like use of a public bathroom."
3. **We** do not want our wives, daughters and granddaughters to be forced to share the women’s restroom, fitting rooms, and showers with men who think they are women. Passage of these laws would require those ‘arrangements.’
