#### **News from Around PA**

It was recently revealed that the Gender and Sexuality Development Program at the Children’s Hospital of Philadelphia (CHOP) trained Bucks County’s **Pennsbury School District’s** K-12 teachers on April 5, 2022, on how to create “gender inclusive and affirming educational environments.” Even though no payment was necessary, the school district donated \$1200 to CHOP. This was part of the professional development training for the teachers, more than likely conducted on an “Act 80 Day”

PA State Senator Carolyn Comitta (D-Chester) is reintroducing a bill for “**marriage equality**”. “To bring our laws up to date by repealing Section 1704 (Marriage Between Persons of the Same Sex) of Title 23 (Domestic Relations) of the Pennsylvania Consolidated Statutes, which currently only recognizes marriage between a man and woman.” US Supreme Court acted as an activist court when it forced all states to recognize so-

called same-sex marriage, but PA law still only recognizes real marriage!

**University of Pittsburgh Professor Gabby Yearwood**, socio-cultural anthropologist, recently answered a question from the audience that “no,” if he were to examine human bones a century from now, he wouldn’t be able to tell if they were from a male or female. The conservative crowd burst into laughter and the professor could not understand why! His response was “I have a PhD”!

Most other Democrat governors are stockpiling up on **the abortion pill**, but Josh Shapiro cannot because PA law does not permit taxpayer-funded abortion.

Lititz (Lancaster County) **Moravian Congregation** apologized to Lititz Chooses Love for attempting to stop the LGBTQ group’s Pride event in Lititz Springs Park.

The Muslim community in Philly is working to join forces with the **Muslim Vote Mobilization** effort in order to have more say in Philly politics. One wanted change is to add Muslim holidays.

#### **News From National Scene**

A new analysis conducted by a **political science professor** at California State University found that an increase in “diversity, equity and inclusion” is linked to a decrease in support for free speech on campus.

Attacks on churches have skyrocketed, but the **Biden Administration** continues looking the other way. The Justice Department just struck a plea deal with a transgender pro-abortion activist who vandalized a Catholic church. It does not require even a single day in jail! But just be a pro-lifer!!

**University of Michigan’s** language guide discourages the use of words that might be offensive. Examples: tipping point, bonkers, cake walk, founder, tribe, minorities, America, Christmas tree, holly, reindeer, bunnies and eggs!!
