

1.) Do you fully support the Second Amendment and the right of citizens to own firearms?

Yes - I fully support the 2nd Amendment and recognize that it right to own firearms is an individual right. One that cannot be infringed upon by the government.

2.) Do you support the actions of the EPA in reducing regulations?

I support the actions of the EPA to reduce, modify or eliminate regulations that place an undue burden on individuals or businesses. We all want clear air, clean water and a clean environment but the EPA has gone far beyond its mandate and has become excessive in its approach. It is time to rein that in.

3.) Do you believe the US Supreme Court ruling in Obergefell v. Hodges allowing for same-sex marriage was constitutionally sound? No I do not believe it was Constitutionally sound.

4.) The Equality Act has been introduced in both the House (HR2282) and Senate (S1006). This bill would extend the same rights to gays, lesbians, bisexuals and transgenders as afforded to other protected groups under the 1964 Civil Rights Act. Would you support this legislation?

I believe all citizens of the United Sates should be able to exercise the same rights as provided by the U.S. Constitution. I do not support the establishment of "protected groups".

5.) Do you support overturning Roe v Wade? Yes - I fully support overturning Roe v. Wade.

6.) Do you support efforts to repeal and replace Obamacare?

Yes I support repealing and replacing Obamacare. We have to put individuals and families in charge of their health care not Washington. Any replacement has to promote choice, allow for portability and encourage innovation. In Congress i will support the increased use of Health Savings Accounts to give individuals and families greater control of their health care.

7.) Do you support building the wall on the southern border of the United States?

Illegal immigration persists in this country because of a porous border, the existence of sanctuary cities and the lack of enforcement. First and foremost I believe we need to build the wall. In Congress I will actively work for that. Following that I will vote at any opportunity to strip every penny of funding from sanctuary cities and counties and use that money to increase the number of ICE agents. Securing our border, eliminating sanctuary cites and increasing enforcement is the best way to end illegal immigration.

8.) Would you support a bill that banned transgenders from serving in the military?

Yes - I would support such a bill
