California says the baker 'backed down', while the owner says, "We are pleased that this agreement allows us to continue operating Tastries in a way that does not violate our faith and values." Further noting, "We affirm that all generic, multipurpose products will be available to everyone that comes to Tastries on an equal basis," as in the past!

Every **Colorado county shifted further to the Left**. Democrats secured legislative supermajorities, and GOP lost congressional seats in a sweeping blue wave. However, three ballot measures passed to protect children: strengthened penalties for child sex trafficking; prevent males in female sports from K-college, no sex change surgeries on minors. How? Churches hosted petition drives, distributed materials, and mobilized volunteers. Pastors preached about the Biblical responsibility to protect children. It can be done, when churches get involved!!
