- 1. **We oppose this bill which would infringe upon the First Amendment rights of all therapists - paid and unpaid - who want to help these children.**
- 2. **We oppose this bill because it infringes upon the rights of parents who are seeking treatment for their child with unwanted feelings.**
- 3. **We oppose this bill because it only allows therapy which affirms the child's unwanted feelings - leaving him or her trapped with those feelings.**
- 4. **We oppose this bill because of the many misleading assertions contained within its language.**
